This book is about
wealth creation.

But what is
"wealth" exactly?

Why do so few
people achieve
wealth in their
lifetime?

Are you wealthy
now? Do you expect
to become wealthy
soon?

Are you interested
in becoming
wealthy?

Believe it or not,
most people are
opposed to being
wealthy.

They believe,
unconsciously or
consciously, that
money is "evil."

Rather, the lack of abundance is evil (if there is such a thing).

The lack of abundance in a person's life simply reflects her unconsciousness.

The purpose of this
book is to help you
awaken to your
true wealth...

... and then help
you to express that
true wealth in
dollars.

Indeed, you can't
go to a boutique and
say to the clerk,
"I feel wealthy..."

... so give me that
\$200 dress!" You
actually have to
pay cash.

Yet, and this is the first lesson, "cash" is only an external symbol.

You have the cash
in you, inside of
you, before it appears
in your hand.

The cash exists in
you in the form of
ideas, thoughts,
CONSCIOUSNESS.

Your job, your only
job is to create that
inner cash, that
inner wealth.

You create that
inner cash by
feeling wealth.

How can you feel
wealthy when you
don't see money
around you?

That is the big
lesson, and it applies
also to happiness
and health.

You must separate
feeling from
circumstance.

If you wait for
circumstance to
tell you how to feel,
you are passive.

You must feel first,
and circumstance
will have no choice
but to follow.

Create any "crutch"
or excuse or pretext
for feeling wealthy.

Remember that
your only job is to
feel wealthy.

The universe will
then find a way to
express your feeling
into actual wealth.

Yes, I know, you
don't believe what
I just said.

You believe you
are in control of
the universe and
you must act.

Well, you've been
acting all your life.
Are you wealthy?

It does not hurt to
try a new approach,
don't you agree?

It costs you nothing
and yet, if it does
work, you will create
wealth at will.

You will create
wealth quite
effortlessly.

That's because the
universe will create
wealth for you.

Poor people are
simply people who
do not allow the
universe to work.

The universe only
wants to work for
you, to make you
rich!

You don't even have
to pay the universe!
It works for you
for free!!

How does it work
for you? By giving
you hints and clues.

So you must pay
attention. Well,
okay, that's the only
thing you "pay"!

Don't pay cash,
just pay attention.
See how things
occur.

And jump on
opportunities when
you see them.

An opportunity is
simply what you
have been preparing
for.

So many people
prepare for an
opportunity and
then cop out.

They see the
opportunity but
fail to take
advantage of it.

At the critical
moment, they lack
belief and faith
that they are worthy.

So an opportunity
could come and
tell them, "You are
worth \$100,000..."

... per year. I am
the opportunity for
you to generate that
income."

Yet, the person
believes she is worth
only \$50,000 per
year.

So she politely declines: "No, thanks, \$100,000 is too much for me."

You see now that
the universe is
always doing a
perfect job.

The only person
who is blocking
wealth from coming
into her life is...

... you. But hey,
don't feel bad about
it, we all feel
unworthy.

As mentioned
earlier, your only
job is to feel wealthy
and worthy.

In short, your only
job is to LOVE
YOURSELF.

The more you love
yourself, the more
the universe will
pour wealth...

... into your head,
your business, your
entire life!

Your job is to
allow the flow of
wealth to come in.

Your job is to
open the "door" so
wealth can "walk"
into your life!

Your job is not
to work (let alone
work hard) to create
wealth.

There are infinite
parallel universes,
and there's one where
you are wealthy.

Your job is to
vibrationally move
into that existing
universe.

You create that
universe with your
imagination and
visualization.

If you can conceive
it and believe it, then
it exists already,
waiting for you.

You "achieve" it
by simply following
the little clues and
hints from...

... yes, the universe!

Action is only
the physical posi-
tioning to receive
wealth.

Action does not
create wealth, only
imagination does.

Here's a powerful
definition of wealth:
S.C.O.R.E.

Strategic Configuration
Optimization
for Receiving
Endlessly.

That is, configure
your daily life so
that you can receive
wealth all the time.

The best way to
receive wealth is to
give it. Consistently.

You see, when you
give wealth, you
open the door.

So giving automatically enables receiving.

This is why people
who are endlessly
generous, end up
being so wealthy.

Oprah used
broadcast TV to give
so much to women.

Result? She's worth
half a billion dollars.
Or \$500,000,000.

She never tried to
"make" or "create"
that amount of
money.

She only tried to
give that much
value to millions
of women.

Now, she is even
reaching 8 million
women in
Arabic countries.

How can you
reach more people
and give value to
them?

Remember, giving
value to 1,000 people
is like opening 1,000
doors through which...

... wealth flows
into your life!

If you do not give,
you cannot receive.

In the end, you can
only give to yourself.

Other people only
exist in your
consciousness.

So when you give
to them, you are only
giving to aspects
of yourself!

When you refuse to
give to others, you
simply refuse to
give to yourself.

You keep yourself
poor by not giving
to others.

To practice the
art of effortless
wealth creation,
start giving.

Give what you
value to everyone.

It doesn't even
matter to whom
you are giving.

It is your giving
that guarantees
your receiving.

But you must
give out of uncon-
ditional love...

... and without
expecting anything
in return.

In the age of
Facebook, it is easier
than ever to give
and share!

There are hundreds
of thousands of
people waiting to
receive your value.

Do you have 200
friends on Facebook?
Give them something
of value.

Do you have 500
friends on Facebook?
Give them something
of value.

Friends are doors
through which wealth
flows in both ways.

Be the first to
share value and
get wealth flowing!

The more you
enrich them, the
faster you enrich
yourself.

To become wealthy,
give every day.
Consistently.
Unconditionally.

If you liked this
free ebook, please
share it with all
your friends!

Discuss the ideas
with your friends
and find ways to
give value to others.

As you find creative ways to give, you will automatically receive so much!

This has been my
experience, and it
will be your
experience.

It is said that "as
you sow, so shall
you reap."

In other words,
giving makes you
feel wealthy.

So the universe
has no choice but
to bring you obvious
evidence...

... reflecting your
state of feeling
wealthy.

Giving uncondi-
tionally implicitly
affirms that you
are wealthy...

... so the universe
will rearrange itself
to reflect that state
of wealth you feel.

Start practicing
the principles in this
book and you will
become wealthy!
